

A sincere thank you for helping Marshall County families.

Thank

You!

Dear Marshall County,

Together, we did it! You saw your neighbors in need and you responded in a BIG way. You shared your stimulus money and even increased your United Way contributions. Some made masks or protective gear, others showcased their talents in the performing arts Facebook event, many wrote checks both large and small and still others are yet hosting fundraisers. Leadership values were displayed by citizens and businesses alike who became essential heroes in providing necessary services to our communities.

Together, the goal was met and exceeded with a current amount of \$476,608 raised to date. And as we expected from the start, the needs continue to increase. With this tremendous response, we are on our way to achieving \$500,000 by June 30th. Thanks to you, Marshall County Crossroads, United Way of Marshall County and the Marshall County Community Foundation can be there to serve our community's most vulnerable.

This pandemic and its impact on employment and economies is yet uncharted and far reaching with even greater effects in the coming months. If needed, we will again approach this as great hometowns are simply known to do.

Thank you for your help to *Fund the Essentials*. We remain. . . ALL IN!

Thank you to all donors generously supporting Marshall County COVID-19 Community Response and Recovery.
